RE: Update to CMS circular 78 of 2017 regarding the revision of the 2018 Contributions

Dear Valued Member,

Over the 2017 open window period, Sizwe Medical Fund (the Scheme) brought to market a proposed 3% contribution increase for all traditional options, a 4% increase for Gomomo as well as an 11% decrease for the Hospital Plan. This proposal is subject to approval by the Registrar of Medical Schemes (Registrar).

The Registrar has since approved the average 3% increase subject to the Scheme implementing a further 2% average contribution increase with effect 01 March 2018. The Scheme is engaged in discussions with the Registrar, this means that the contributions will be kept at 3% for all traditional options, a 4% increase for Gomomo as well as an 11% decrease for the Hospital Plan.

We apologise for any inconvenience this delay might have caused and we will keep you fully informed of the developments in this regard.

With Care,

Dr. S Mangcwatywa
Principal Officer
