30 January 2018

**To:** Sizwe Medical Fund Associated Employer Groups & Brokers

**RE:** Update to CMS circular 78 of 2017 regarding the revision of the 2018 Contributions

**Dear valued stakeholder,**

Following the communication of the 22<sup>nd</sup> December 2017 and the subsequent update of the 9<sup>th</sup> January 2018, we wish to bring you up to date on what has transpired since. Sizwe Medical Fund (the Scheme) is still engaged in discussions with the Registrar of Medical Schemes (the Registrar) regarding the revision on contribution increases.

This means, that the contributions will be kept at 3% for all traditional options, a 4% increase for Gomomo as well as 11% decrease for the Hospital Plan. Please continue to apply the 3% contribution increases for all traditional options, 4% increase for Gomomo as well as 11% decrease for the Hospital Plan until further notice.

In instances where contributions for February have already been raised at 5%, the difference will be refunded through due processes.

We apologise for the inconvenience this has caused and ask that you grant us your indulgence as we continue to ensure that our members are well covered and well taken care of.

With Care,

**Dr. S. Mangcwatywa**  
Principal Officer
